

## MAKE A DIGITAL POSTER

**Create a poster on your computer, by researching facts about your favourite Sunrisers player.**

### What to include:

- Name
- Photo
- Birthday
- Shirt number
- Interesting facts

### Cordelia's 5 top tips to creating a digital poster:

- What size are you going to make your poster?
  - Print: A4 is a good size for printing.
  - Online: Most of our photos are a square on social media.
- Design how your poster is going to look. It's good to plan it by drawing one by hand before you start.
- It is best to find photos that have a high resolution
- Lots of colour makes a poster stand out. Can you use the Sunrisers colours to help show who they play for?
- Make sure your headings are in bigger text. But don't forget to add all the other important information!

**Please send in your posters for Cordelia to see, by using the email address on the Junior Sunnies website!**

### THINGS TO THINK ABOUT:

What are you going to make your poster on?

Where are you going to put your poster?
